

Homework Due Date \_\_\_\_\_

To “participate in” a problem means one of the following:

- (1) To play a major role in solving the problem and communicating the problem to the person writing down the solution,
- (2) To writing down the solution after hearing the explanation from another group member—not just to copy another group member’s written solution, or
- (3) To fully discussing the solution with your group members until understanding all steps of the solution.
